In Bad Boys Love, it turns out that Hatoful is set in a post-apocalyptic and dystopian-in future to which a pandemic of a deadly and changed deformation of the H5N1 virus, or bird's influence, almost sweeps away humanity in the year 2068. [5] [6] the release of a counter-virus, cultivated to destroy the aviatory vectors of the virus in a desperate attempt to stop the Diffusion of the disease, ending a backfring as birds that resisted the counter-virus instead developed intelligence on a human level. [5] [7] [8] The war soon bursts between the birds just raised and the remains of the humanity, with consequent birds that emerge as the new dominant of the dominant planet Le F Fishing of life as human being; all the remaining human beings were forced to live in the desert away from civil in a form of segregation similar to apartheid. [10] The story of the game takes place mainly at the imaginary institute of St. Pigeonation ($\hat{a} \notin \hat{a} \notin \hat{a}$ only for birds located in the imaginary Japanese town of Littledove Hachiman City (°° â ³ â © ã â € «Â« â âč ¥ NY, Kobato Hachiman-Shi) ã ¢ âaste a long time after the end of the open war between humans and birds. [11] The company has adapted to the avian conquest, although with small cultural changes related to birds-for example, while some holidays such as Christmas and Tanada are celebrated very as well as nowadays, a great event in the game is the Legumentine day, a fusion of traditions Valentine's Day and Setsubun. [12] In a more gloomy case, the terms War where and War Hawk were re -proposed as labels for two opposing political factions divided on mutual storage in progress between birds and human minority: the altruistic altruistic dove who support cooperation and peace between the two groups and the Militant Hawk Party, whose goal is completely exterminated humanity. [13] When the narration of Hatoful's boyfriend begins, the party where, the Hawk party and their respective schools of thought dominate most of the world politics. [14] Characters The main playable character in Hatful's boyfriend is the human protagonist, a rushing hunter-racker who lives in a cave in the desert. A door to iOS was released on May 25, 2016.
